

Building Trust through Quality

At Celestica, we value quality above all else. We are committed to raising the bar and exceeding our customers' expectations.

Our Commitment

We never settle. With an uncompromising focus on quality, we deliver industry-leading products and services that meet all applicable customer, statutory and regulatory requirements on time, every time.

We leverage our leadership. We apply our leadership in technology and manufacturing to drive the relentless pursuit of defect-free performance.

We're nimble problem-solvers. Our customers' needs and conditions are constantly evolving. We quickly adapt to change and drive unique value for our customers through continual improvement and the elimination of waste.

We hold ourselves to the highest standard. We're committed to improving and maintaining an effective quality management system as a framework for setting quality objectives that support the company's strategic direction.
