

Celestica Mississauga Routing Guide

Site Name and Address
Celestica International LP (Mississauga)
3333 Unity Drive, Suite A
Mississauga, ON, L5L 3S6, Canada

Site Logistics Contacts	Title	Phone	Email
Ken Downey	Logistics Manager	416-407-1738	kdowney@celestica.com

Multiple small packages shipped on the same day to Celestica must be consolidated into one shipment. The supplier is required to combine multiple part numbers and purchase orders in one shipping container/on one pallet/ once AWB/HAWB

Shipments of comparable size, height, and density that are difficult to handle, and for which the combined gross weight exceeds 150 pounds (68 kg) or are oversized should be palletized.

Consolidate items shipped on one day to the same destination on one pallet, one bill of lading, one air waybill or ocean bill of lading. The Carrier to be used for same day consolidated shipment will be based on the weight breaks listed below:

- A) The Mississauga Freight routing instructions are listed below. This applies to all shipments paid by Celestica Mississauga.
- B) All expedited must have Prior Celestica approval (Buyer/Planner/Site Logistics Team)
- C) For Panalpina premium service SL1 site buyer/planner at Celestica must give prior notice to site traffic team 1 day in advance
- D) The following information is required for premium freight: Shipper Address and name, PO #, Part Number, Qty, Contact Number and Name at Shippers address
- E) All shipments over 10,000 Lbs or 10 pallets are to be moved using Chantler Transport
- F) AIR shipment weights are based on chargeable weights (max of dimensional weight and actual weight) when determining mode of transportation.
- G) Suppliers who are listed as "Partners of the Celestica Green Supplier Program" **MUST follow the Routing instructions for suppliers who are partners of the "Celestica Green Supplier Program" listed below on Page 3.**

Celestica International LP (Mississauga) C/O A.N. Deringer, Inc	790 Aero Drive, STE 200, Cheektowaga, NY 14225	Rich Koch	716-630-7515	716-630-7539
PARS GUIDE Celestica Inc. Mississauga, Canada				
Objective:				
To facilitate clearance of goods into Canada, a complete set of export/commercial invoices and waybills/bill of lading must be E-mailed or Faxed directly to our Customs Broker, UPS-SCS Customs Broker on ALL shipments. This information must be received by the broker by 10:00 pm EST.				
Email: teamcelestica@ups.com FAX: 1-905-672-8677				
Shipments of USA Origin				
<ol style="list-style-type: none"> If shipments are over 10,000 LBS or 10 pallets (whichever comes first) please contact Chantler Transport or Conway Full Truckload Services (Phone # listed in the carrier information table). These shipments MUST be shipped directly to Celestica Mississauga at 3333 Unity Drive suite A, Mississauga, ON, L5L 3S6, Canada. This will be the only time when shipments are shipped directly to Celestica Mississauga at 3333 Unity Drive suite A, Mississauga, ON, L5L 3S6, Canada. Unless otherwise notified by the buyer/planner please have orders originating from the USA only to be shipped to the Cheektowaga, NY consolidation point. Shippers are instructed to ensure at all times to include commercial documentation/export documents when shipping to above address in Cheektowaga, NY. Deringer is only considered a consolidation point and should treat the shipment as an Intl shipment at all times. All shipments are delivered the next business day to Celestica Mississauga. Final destination is Celestica Mississauga, 3333 Unity Drive, Suite A, Mississauga, ON., L5L 3S6, Canada. Do not mark or identify any shipments as " Guaranteed/Gold OR any special service" on the waybill/bill of lading. Failure to do so will result in shipper/vendor held responsible for extra charges Celestica has incurred. 				
Shipments of USA Origin: US Government Authorization to Export/Citation Requirements				
ITAR and Non-ITAR Shipments				
<ol style="list-style-type: none"> For goods subject to the International Trade in Arms Regulations (ITAR), an AES filing must be made, and the AES-generated Internal Transaction Number (ITN), must be written on the Commercial Invoice The following statement should also be included on the commercial invoice for shipments that are subject to ITAR: "These commodities are authorized by the U.S. Government for export only to Canada for use by Celestica International Inc. They may not be transferred, transhipped on a non-continuous voyage, or otherwise be disposed of in any other country, either in their original form or after being incorporated into other end-items, without the prior written approval of the U.S. Department of State." Celestica believes that all of the ITAR governed parts purchased from US suppliers at this time are eligible for the Canadian Exemption under ITAR (22 CFR 126.5(b)). You should confirm this point with your own Export Compliance Officer or outside counsel. Assuming the goods are subject to the Canadian exemption under ITAR, please ensure that the additional wording below is also included on the commercial invoice "These goods are being exported under license exemption 22 CFR 126.5(b)" For any shipments being exported to Canada, that are not subject to ITAR and thus do not require an AES filing, you will need to document on your commercial invoice the reason why AES is not required. For example, within the Foreign Trade Regulations (FTR) there is an exemption from filing in AES for goods destined to Canada under Title 15 CFR which are not subject to ITAR and are not licensable by any other U.S. government agency, i.e. then your goods may qualify for the Foreign Trade Regulations (FTR) Title 15 CFR § 30.36. If after reviewing this section, you determine your goods qualify for the exemption and AES filing is not required, then the following citation should be included on your commercial invoice "NO EEI FTSR 30.36" 				
ROUTING INSTRUCTIONS – Domestic "Intra-Canada"				
When Celestica is paying the freight: Terms: EXW/FCA				
<ol style="list-style-type: none"> Do not ship COD (Cash on Delivery) Ship all products in accordance with the Purchase Order. The standard routing is shown below. Use Celestica designated carriers. Failure to do so may result in freight charges being billed back to the shipper. Do not declare values in insurance fields, unless authorized in writing from Celestica Logistics Reference carton count, pallet count, correct delivery address, and Celestica Purchase Order number on all bills of lading. Ensure that the purchase order number is entered in the "Reference" field on the carrier's bill of lading. Complete "special instructions" field for all perishable shipments to ensure proper handling. Where INCOTERM used requires supplier to arrange and pay for delivery, ensure all product is transported in covered vehicles with closed and locked doors. Shipments going to the same consignee address under the same service level on the same day must be consolidated into a single shipment (Way bill) and combined on a single bill of lading. Failure to do so will result in shipper/vendor held responsible for extra charges Celestica has incurred. For shipments that are requested by Celestica to be delivered on Saturday, the bill of lading must be marked "For Saturday delivery", otherwise next business day will apply. 				
Routing Compliance will be monitored. Non-compliance will result in the supplier being held liable for any additional cost incurred to Celestica.				

Weight Definitions and Calculations

Actual Weight:

- The weight of a package using a standard scale rounded to the next full pound / KG. (Example: a 12 1/2 pound carton will have an "actual weight" of 13 pounds).

Dimensional (Volumetric) Weight:

- A calculation used to reflect a package's density. The International Air Transport Association (IATA) volumetric standards is used to determine the dimensional weight.
 - A calculation used to determine the three-dimensional space the carton occupies: length x width x height measured in cubic inches or cubic centimeters.

Chargeable Weight:

- The chargeable weight of the shipment will be the higher of the volumetric weight or the gross weight.

How to Calculate Volumetric Weight (International air shipments)

International Shipments Calculation with Freight Forwarders (Aqility, CEVA and Panalpina)

Imperial (IN / LBS)
 DIMENSIONAL WEIGHT = $\frac{\text{Length} \times \text{Width} \times \text{Height} = \text{Cubic Inches}}{166 \text{ (International)}}$

Metric (CM / KG)
 DIMENSIONAL WEIGHT = $\frac{\text{Length} \times \text{Width} \times \text{Height} = \text{Cubic Centimeters}}{6000 \text{ (International)}}$

International Shipments Calculation with DHL Express, TNT Express and FedEx Express

Imperial (IN / LBS)
 DIMENSIONAL WEIGHT = $\frac{\text{Length} \times \text{Width} \times \text{Height} = \text{Cubic Inches}}{166 \text{ (International)}}$

Metric (CM / KG)
 DIMENSIONAL WEIGHT = $\frac{\text{Length} \times \text{Width} \times \text{Height} = \text{Cubic Centimeters}}{6000 \text{ (International)}}$

Identifying what your chargeable weight will be:

Example - Imperial Calculation

Actual Pallet Weight = 250lbs
 Pallet Dimensions = 48 x 40 x 50in
 Pallet Volumetric weight = $(48 \times 40 \times 50) / 166 = 693.97\text{lbs}$
 Chargeable Weight of shipment = 694lbs

Example - Metric Calculation

Actual Pallet Weight = 150kg
 Pallet Dimensions = 122cm x 102cm x 120cm
 Pallet Volumetric weight = $(122 \times 102 \times 120) / 6000 = 248.88 \text{ kg}$
 Chargeable Weight of shipment = 249kg

How to Calculate Volumetric Weight (USA Domestic air shipments)

Imperial (IN / LBS)
 DIMENSIONAL WEIGHT = $\frac{\text{Length} \times \text{Width} \times \text{Height} = \text{Cubic Inches}}{166 \text{ (USA Domestic)}}$

Example - Imperial Calculation

Actual Pallet Weight = 250lbs
 Pallet Dimensions = 48 x 40 x 50in
 Pallet Volumetric weight = $(48 \times 40 \times 50) / 166 = 578.31\text{lbs}$
 Chargeable Weight of shipment = 578.5lbs

or

Example - Imperial Calculation

Actual Pallet Weight = 600lbs
 Pallet Dimensions = 48 x 40 x 50in
 Pallet Volumetric weight = $(48 \times 40 \times 50) / 166 = 578.31\text{lbs}$
 Chargeable Weight of shipment = 600lbs

Length or Girth - (For Domestic USA shipments with FedEx, Air and Ground)

Your Chargeable Weight will be based on the greater between the actual package weight and the Length and Girth of the package.

Length - is the largest dimension of the carton or object being shipped.

- For example, if the package is very tall (height is greater than the base) use the height as the length.

Girth - is the sum of 2 times the width plus 2 times the height or the measurement around the largest area of the cylinder (see illustration).
